CHARACTERS

§1

A brave man who assists his party members.
You'll grow fond of him, once you
give him a name!

WARRIOR

It is said that in the center of this land exists a strong nation, known as the Lantonia Kingdom, which is known for being powerful, especially in terms of it's renowned military, consisting of exemplary soldiers.

Anything but ordinary, they follow the way of honor & valor, putting a great amount of trust in their king. To this day, this old warrior travels the world extolling these virtues.

He excels in attack, defence, and stamina, making him roughly the strongest in battles, his one weakness being that he can't use magic.

In the middle of his journey to find a suitable young suitor for the princess of Lantonia, rumors began spreading about the appearance of a demon king. Thus, he makes his way towards the Dark Spirt World continent.

MERCHANT

Beyond the Central Sea, sailing from the city-state known as the kingdom of merchants, "Machario", he's the self-proclaimed "Number One Merchant in the World".

Pursuing fame & fortune, he goes where the wind takes him across the dangerous land. In one swoop, he slips his way into the hero's party, his cunning schemes a priceless asset to the team.

Even though he lacks the power to stand in an offensive position, he has a lot of stamina, making him able to withstand a lot of damage. He's also able to disarm traps set in treasure chests, steal items & convert them into money, as well as various other special skills that will surely come in handy.

In any case, he left his family and his country behind, but it seems he keeps holding on to some big dream...

SKILL "CASH ADVANCE"

Loos items from weak enemies and converts them into money.

VALKYRIE

A BEAUTIFUL ROSE,
BUT WITH THORNS!?
LOOK AT THIS
PRINCESS FIGHT!!

綺麗な薔薇には棘がある!?
戦う王女様見参!!

Known as the Princess of Valkyria, this woman strikes fear into barbaric nations.

While she appears noble, she can also be as savage as a beast. As a princess, she believes that having only strength, a taste for battle, or a desire to steal items are all awfully bothersome traits.

Even though she's young, she is a powerful aura (ESP) user who wields the super-ancient relic "Supremacy Dragon", which is powered by aura. Traversing across the land alongside her companions, she indulges in laying waste with her powers. While she lacks stamina, she is good at magic, has aura skills that can attack from long-range, and has attack power and speed second only to the Warrior and the Hero. By using the Class Change (Job) system, she is able to increase her power further.

Her homeland and her dragon were taken from her by the demon king, but she still dreams of establishing a new world.

SKILL

"DUNKER BUSTER"

An aura blade that can pierce multiple enemies at once.

HERO

世界を救う運命を背負う
唯一の勇者!!

THE
DESTINED
HERO BORNED
WITH THE FATE
OF SAVING THE
WORLD!!

As though he was fated to defeat the demon king, this young man, shrouded in mystery, suddenly appeared in the world one day. He's an avatar of the player (You!).

Using attack, defence, and magic, this character comes off as the most balanced of them all. He's also able to issue various 'commands' to party members.

The fate of this world rests in this hero's (a.k.a. your) hands! I pray you fight valiantly!
